React Router 4 Package Model

```
<Router>
  <Route path="/" component={App}>
    <IndexRoute component={Home} />
    <Route path="about" component={About} />
    <Route path="inbox" component={Inbox} />
  </Route>
</Router>
```

React Router 3

Route configuration

Static Routing in Ember – routes.js

```
Router.map(function() {  
  this.route('about');  
  this.route('contact');  
  this.route('rentals', function() {  
    this.route('show', {path: '/:rental_id'});  
  });  
});  
  
export default Router
```

```
<MyComponent>  
  <Route path="/" component={App}>  
  <Route path="/" component={Index}>  
</MyComponent >
```
